

**UNITED STATES DISTRICT COURT
DISTRICT OF NEVADA**

This matter comes before the Court on Plaintiff's Motion to Exceed Page Limit and Motion for Order (#210), and Plaintiff's Motion to Strike (#212), filed on August 30, 2011. Plaintiff requests the Court grant him leave to exceed the page limit in his reply brief in support of his Motion for Sanctions (#189) and Motion to Determine the Sufficiency of the Answers (#188). Plaintiff further requests the Court order Deputy Attorney General Palmer to appear in court and testify in connection with his Motion for Sanctions (#188). On August 30, 2011, the Court entered an Order (#209) denying Defendant's Motion for Sanctions (#188) and granting in part, denying in part Plaintiff's Motion to Determine the Sufficiency of the Answers (#189). The Plaintiff's requests are therefore moot as the Court has already disposed of motions at issue.

Plaintiff further requests the Court strike Exhibit B attached to Defendant's Response to Motion for Sanctions (#202). Plaintiff claims this document was untimely filed in response to the Court's Order (#147) and therefore should be stricken. On April 20, 2011, the Court ordered Defendant Neven to respond to Plaintiff's request for production (#147). This order did not require Defendant Neven to file his response with the Court, but rather ordered Defendant Neven to provide the requested information to Plaintiff. Despite Plaintiff's contentions, Exhibit B was not filed in response to the

1 Court's Order (#147). Rather, it was attached as an exhibit in support of the Defendants' Response to
2 Plaintiff's Motion for Sanctions. Therefore, the document is not untimely, and the Court will not strike
3 it from the record.

4 **IT IS HEREBY ORDERED** that Plaintiff's Motion to Exceed Page Limit and Motion for
5 Order (#210) is **denied** as moot.

6 **IT IS FURTHER ORDERED** that Plaintiff's Motion to Strike (#212) is **denied**.

7 **DATED** this 2nd day of September 2011.
